BTS of Camplified!

Camplified is back this year for a tour from coast to coast, and we couldn't be more excited to hear from the artists joining the set this summer.

With Camplified this year is singer/songwriter **Kathryn Dean**, who has an awesome surprise for us... she's released her tour photo diary for all of us to obsess over! And you can check it out down below!

We're so pumped our girl is giving us an exclusive look at this wonderful tour.

It seems like just yesterday we were talking about Kathryn's debut album, *Hit the Lights*. Her most recent single, "Be My Sin", got into the top 40 charts within its first few weeks- what an amazing accomplishment!

We're so happy she's been able to showcase her talent to the world and we're just as excited to look at the photos she took! What are you most excited to see in the photos? Let us know on [Twitter!](#)
